DETAILED ACTION

Election/Restrictions

1. Applicant's election with traverse of Group I, claims 1-8 and 33-35, in the reply filed on 5/16/05 is acknowledged. The traversal is on the ground(s) that no additional effort would be required to search and examine all of the claims in the application. This is not found persuasive because the basis of the restriction requirement is Groups I and II are related as mutually exclusive species in an Intermediate/Final Product relationship.

Applicant provided no evidence that the species are obvious variants.

The requirement is still deemed proper and is therefore made FINAL. This application contains claims 6, 7-32, 34 and 36-39 drawn to an invention nonelected with traverse.

A complete reply to the final rejection must include cancellation of nonelected claims or other appropriate action (37 CFR 1.144) See MPEP § 821.01.

Claim Rejections - 35 USC § 112

The following is a quotation of the second paragraph of 35 U.S.C. 112:

The specification shall conclude with one or more claims particularly pointing out and distinctly claiming the subject matter which the applicant regards as his invention.

Claims 1-5, 33 and 35 are rejected under 35 U.S.C. 112, second paragraph, as being indefinite for failing to particularly point out and distinctly claim the subject matter which applicant regards as the invention.

Art Unit: 1714

The term "about" in claim 1 is a relative term, which renders the claim indefinite. The term "About" is not defined by the claim, the specification does not provide a standard for ascertaining the requisite degree, and one of ordinary skill in the art would not be reasonably apprised of the scope of the invention.

Prior art cited on form 1449 must include both a month and year of publication to be fully considered. If either is missing, a line has been drawn through the citation. Prior art considered previously has not been reconsidered.

Applicant's amendment necessitated the new ground(s) of rejection presented in this Office action. Accordingly, THIS ACTION IS MADE FINAL. See MPEP § 706.07(a).

Applicant is reminded of the extension of time policy as set forth in 37 CFR 1.136(a).

A shortened statutory period for reply to this final action is set to expire THREE MONTHS from the mailing date of this action. In the event a first reply is filed within TWO MONTHS of the mailing date of this final action and the advisory action is not mailed until after the end of the THREE-MONTH shortened statutory period, then the shortened statutory period will expire on the date the advisory action is mailed, and any extension fee pursuant to 37 CFR 1.136(a) will be calculated from the mailing date of the advisory action. In no event, however, will the statutory period for reply expire later than SIX MONTHS from the date of this final action.
